Weekly Bulletin

President's Report

Great to have another night of fellowship with a good attendance of members.

Alan Barber updated us all on the fantastic work some of our members have achieved at our Oxley Beach project. Thanks to all who have helped out there are now 3 ½ completed shelters and only 2 ½ shelters to be completed to finish this project. This week we are waiting on supplies from Council to complete this project and as soon as they arrive Alan will notify all members who have offered to help finish this up.

Our Guest speaker for the evening was Linda Elbourne from Willing and Able. Linda gave us a brief history of how Willing and Able was formed and the progress they have made. This is wonderful, not-for-profit organisation that helps adults with intellectual disabilities by providing them with meaningful, paid employment. Linda noted that working within their seven business units her team provide opportunities to increase their skills, self-worth and independence. These units are:

- Op Shop
- Coffee Bar
- Assembly Packaging
- Woodwork
- Renovation & Recycling
- Commercial Grounds Maintenance
- Commercial Laundry

Many thanks Linda for giving us a great presentation.

On Sunday 19th May new Board members will be attending our District Assembly and are reminded to wear Your RED SHIRTS. I am sure you will all be here about what they have gained from attending this event.

Next week will be very exciting as we welcome into our club four new members: Brenda Sarno, Xiaobing (Phillip) Yang, Letitia Kimmorley, and Kathy Wonderley. I do hope we have a great attendance to welcome these new members into our club.

Being the Inspiration
YIR Julie

04/06/2019	CLUB CHANGEOVER NIGHT

Important Message From the Vice President

On the 21st May Jeffery Sharpe from PMHC will be our guest speaker talking about the future development of our area and mention will be made to the proposed orbital road. I recommend members google PMHC orbital road for full information about this proposal prior to the our meeting.

You will be able to ask questions but I remind members that if you have personal concerns about the proposed orbital road you should attend a community forum or arrange a personal meeting at council.

John Channon
